"Confidential HIV-related information" means any information pertaining to the protected individual or obtained pursuant to a release of confidential HIV-related information, concerning whether a person has been counseled regarding HIV infection, has been the subject of an HIV-related test, or has HIV infection, HIV-related illness or AIDS, or information which identifies or reasonably could identify a person as having one or more of such conditions, including information pertaining to such individual's partners.

2. Health Care Provider

"Health Care Provider" means any physician, dentist, nurse, provider of services for the mentally ill or persons with mental retardation, or other person involved in providing medical, nursing, counseling, or other health care, substance abuse or mental health service, including such services associated with, or under contract to, a health maintenance organization or medical services plan.

3. Protected Individual

"Protected individual" means a person who has been counseled regarding HIV infection, is the subject of an HIV-related test or who been diagnosed as having HIV infection, AIDS or HIV-related illness.

4. Release of confidential HIV-related information

"Release of confidential HIV-related information" means a written authorization for disclosure of confidential HIV-related information which is signed by the protected individual, if an eligible student, or a person authorized to consent to health care for the individual and which is dated and specifies to whom disclosure is authorized, the purpose for such disclosure and the time period during which the release is to be effective. A general authorization for the release of medical or other information is not a release of confidential HIV-related information, unless such authorization specifically indicates its dual purpose as a general authorization and an authorization for the release of confidential HIV-related information.

5. School Medical Personnel

"School medical personnel" means an employee of the

Board who is a school nurse or the school district medical adviser.

B. Confidentiality of HIV-related Information

1. All school staff must understand that no person who obtains confidential HIV-related information regarding a protected individual may disclose or be compelled to disclose such information. Each person who has access to confidential HIV-related information is responsible for ensuring that confidential HIV-related information is protected from disclosure and/or redisclosure.
2. Confidential HIV-related information is not public information and any disclosure, other than to persons pursuant to a legally sufficient release or to persons authorized by law to receive such information without a legally sufficient release, violates the law and Board policy.

C. Accessibility of Confidential HIV-related Information

1. No school staff member who obtains confidential HIV-related information may disclose or be compelled to disclose such information, except to the following:
 - a. the protected individual, his/her legal guardian or a person authorized to consent to health care for such individual;
 - b. any person who secures a release of confidential HIV-related information;
 - c. a federal, state or local health law officer when such disclosure is mandated or authorized by federal or state law;
 - d. a health care provider or health facility when knowledge of the HIV-related information is necessary to provide appropriate care or treatment to the protected individual or when confidential HIV-related information is already recorded in a medical chart or record and a health care provider has access to such record for the purpose of providing medical care to the protected individual;
 - e. a medical examiner to assist in determining cause of death; or

- f. any person allowed access to such information by a court order.

D. Procedures

1. If a school staff member, other than school medical personnel, is given confidential HIV-related information regarding a protected individual who is also a student from the student's legal guardian or the student, the school staff member shall attempt to secure a release of confidential HIV-related information for the sole purpose of disclosing such information to school medical personnel.
2. If a school medical personnel member is given confidential HIV-related information regarding a protected individual, who is also a student, by a student's legal guardian or by the student and the legal guardian or the student requests accommodations to the student's program for reasons related thereto, the school medical personnel member shall inform the legal guardian or the student, if an eligible student, that a release of confidential HIV-related information is necessary before such information may be disclosed to other educational personnel capable of assessing the need for and implementing appropriate accommodations to the student's program.
3. Any school staff member who obtains confidential HIV-related information from a source other than the protected individual or his/her legal guardian, shall keep such information confidential and shall not disclose such information.
4. No school staff member may disclose confidential HIV-related information to other school staff members without first obtaining a release of confidential HIV-related information.
5. Any record containing confidential HIV-related information shall be maintained in a separate file, and shall not be subject to the provisions of this policy regarding accessibility of general student records.
6. If school medical personnel determine that the health and safety of the student and/or others would be threatened if a release of confidential HIV-related information is not obtained, the school medical personnel may seek a court order authorizing disclosure. In such cases, such

confidential HIV-related information may BE disclosed as set forth in and subject to any limitation of such court order.

E. Disclosures Pursuant to a Release

1. Any disclosure pursuant to a release shall be accompanied by a notice in writing stating, "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by said law. A general authorization for the release of medical or other information is NOT sufficient for this purpose."
2. Oral disclosures must be accompanied or followed by the above notice within 10 days.
3. Except for disclosures made to a federal, state or local health officer when such disclosure is mandated or authorized by federal or state law, a notation of all disclosures shall be placed in the medical record or with any HIV-related test result of a protected individual, who shall be informed of such disclosures on request.

XIII. Child Abuse Reporting

Nothing in this policy shall limit a mandated reporter's responsibility to report suspected child abuse or neglect under the Board's Child Abuse and Neglect Reporting Policy #4090.

Model Notification of Rights Under FERPA for Elementary and Secondary Institutions

The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g, et seq., affords parents and eligible students (*i.e.*, students over 18, emancipated minors, and those attending post-secondary educational institutions) certain rights with respect to the student's education records. They are:

- (1) The right to inspect and review the student's education records within forty-five (45) calendar days of the day the District receives a request for access.

Parents or eligible students should submit to the school principal or appropriate school official a written request that identifies the record(s) they wish to inspect. The principal or appropriate school official will make arrangements for access and notify the parents or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parents or eligible student believe are inaccurate or misleading, or otherwise violates the student's privacy rights.

Parents or eligible students who wish to ask the District to amend a record should write the school principal or appropriate school official, clearly identify the part of the record the parents or eligible student want changed, and specify why it should be changed.

If the District decides not to amend the record as requested by the parents or eligible student, the District will notify the parents or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parents or eligible student when notified of the right to a hearing.

- (3) The right to privacy of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to a school official with legitimate interests. A school official is a person employed by the District as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the District has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); or a

parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the District discloses a student's education record without consent to officials of another school, including other public schools, charter schools, and post –secondary institutions, in which the student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-4605

Unless notified in writing by a parent or eligible student to the contrary within two weeks of the date of this notice, the school district will be permitted to disclose "Directory Information" concerning a student. Directory Information means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. It includes, but is not limited to, the parent's name and/or e-mail address, the student's name, address, telephone number, e-mail address, photographic, computer and/or video images, date and place of birth, major field(s) of study, grade level, participation in school-sponsored activities or athletics, weight and height (if the student is a member of an athletic team), dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended.

The written objection to the disclosure of directory information shall be good for only one year. School districts are legally obligated to provide military recruiters and institutions of higher learning, upon request, with the names, addresses and telephone numbers of secondary school students, unless the secondary school student or the parent of the student objects to such disclosure in writing. Such objection shall be in writing and shall be effective for one year. In all other circumstances, information designated as directory information will not be released when requested by a third party unless the release of such information is determined by the administration to be in the educational interest of the school district and is consistent with the district's obligations under both state and federal law.
